

# Foothills Research Institute & Jasper National Park

Present...

## Electr-O-Fying Fish

Not far from Hinton and Whistlers Campground, the Foothills Research Institute and Jasper National Park are conducting exciting and important research into fish and watersheds.

Join our researcher Frank the Fisherman and his old pal Billy-bob the big Bull Trout to learn more about the wild world of Fish and Watersheds through the eyes of Foothills Research Institute & Jasper National Park.

**Where:** Whistler Campground Amphitheatre, JNP  
**When:** Every Sunday throughout the Summer @ 9:00pm

For more information about this or other interpretive programs at the Foothills Research Institute contact (780) 865-8311, or visit our website at: [www.fmf.ab.ca](http://www.fmf.ab.ca)
